

Sherry Kosmicki

Senior Decision Support Analyst

Highly-motivated data enthusiast who recently took a leap of faith and went back to school to acquire a Master's degree in Data Science. In addition to data analysis and data management skills, I've expanded my knowledge in predictive analytics, statistical analysis and artificial intelligence concepts and ideas. I love being part of the solution and brain storming ideas to better the organization.

Microsoft Access

SENIOR LEVEL PROJECTS

Interim Costing Solution/New Software Implementation (12/2021 - 06/2022)

- Developed a method to convert the existing month-to-month costing system to a quarterly system. Adapted new charges with a cost and applied it to the patient account.

Costing Reconciliation Solutions (01/2015 - Present)

- Used ODBC connections to a SQL server and build solutions within Excel to reconcile system processes for costing.

Supply Reclass Process (01/2017 - Present)

- Used SQL data to evaluate supply cost and supply expense to determine the best possible supply cost amounts. Integrated markup schedules and National supply costs to calculate costing RVU values.

ORGANIZATIONS

HDAA - Healthcare Data and Analytics Association (01/2021 - Present)

Membership to this group allows me to collaborate with industry professionals and help determine better healthcare outcomes.
